MEMORANDUM FOR THE RECORD

SUBJECT: Meeting with House Armed Services Committee Staff Concerning  
the Costing of Soviet R&D and Defense Programs, MBFR and  
Backfire

25X1A 1. Accompanied Messrs. Bruce Clarke, [REDACTED] 25X1A  
and [REDACTED] OSR, to a meeting with Messrs. Frank Slatinshek, John R.  
Blandford, and John Ford, House Armed Services Committee staff, concerning  
the costing of Soviet R&D and defense programs, MBFR, and Backfire. The  
major portion of the 50-minute meeting was spent in discussion of the Committee  
problem of handling and presentation of the military defense budget and the  
apparent conflict between the information provided in the Director's briefing  
of 8 February and informal briefings provided the Committee staff by Mr. Laird's  
and Dr. Foster's offices.

2. The Agency presentation on levels of effort and trends in Soviet  
military procurement and R&D was accepted without question and it was requested  
that the preliminary draft paper on costing of the Soviet effort be expanded to  
include illustrations. No time was set for return of the draft.

3. It was also requested that the level of support provided by host  
countries for Soviet occupation forces in the Warsaw Pact nations be provided.  
Outline of the background information available on the Backfire together with an  
outline of the MBFR negotiations over the period of the last year or so seemed  
to fulfill the Committee's needs for the moment.

4. No mention was made of the paper requested on Friday by  
Mr. Slatinshek concerning the Soviet position on MBFR.
